

DEBRIEFING STATEMENT

Thank you for participating in this research study. This form describes the background and purpose of the study in more detail. **This is an ongoing project so please do not share this information with others who may participate in the future.**

Although the consent form of this study explained that the purpose was to collect data for evaluation, the primary purpose of this study was to evaluate how well a robot can learn language under different conditions.

• STUDY RELATED INFORMATION

The data we collected aids in evaluating the following:

1. If one version of our language learning system works better than the other.

The above information was not included as part of the consent form or the instruction form because it would have influenced your view of the interaction and the data we got from you.

• COMPENSATION

After the study is complete, you will be paid \$10 for your participation. If you have any additional questions about the study or if you would like to receive a copy of the results from this study when they become available, please contact the Principal Investigator, Dr. Casey Kennington at caseykennington@boisestate.edu.

If you have questions about your rights as a research participant or concerns or complaints about the research, you may contact the Boise State University Institutional Review Board (IRB), which is concerned with the protection of volunteers in research projects. You may reach the board office between 8:00 AM and 5:00 PM, Monday through Friday, by calling (208) 426-5401 or by writing: Institutional Review Board, Office of Research Compliance, Boise State University, 1910 University Dr., Boise, ID 83725-1138.

There are resources on campus that can help if any of these questions raised issues that you want

to discuss with a mental health professional. BSU Counseling Services can be reached at (208)-426-1459 or on the web at http://healthservices.boisestate.edu/content/list.cfm?article_id=7

If you wish to speak to someone off campus, please contact your primary physician for a recommendation or call the Idaho Care Line at 2-1-1.

We appreciate that you took the time to participate in this study and I encourage you to participate in all the attempts.

If you want to participate in more such research studies then you may contact the Principal Investigator, Dr. Casey Kennington at caseykennington@boisestate.edu.

Thanks again for your participation!
